

PRESENTATIONS, WORKSHOPS & PANELS

Binners' Project fosters social and economic inclusion, builds community resilience and stronger networks, and engages on sustainability issues.

Outline and details **\$300**

- Up to 90 minutes.
- Additional room booking fees may apply.

We are happy to offer presentations or workshops or participate in panels where binners can offer their perspectives and insights into topics most relevant to them. During the presentation we will speak to a variety of topics including: poverty reduction and grassroots action, waste management, supportive employment and sustainability.

We work case-by-case to assess how we can mutually support communities, schools and partners.

"[The presentation] supported many elements of [the students] learning about community development and the importance of hearing from diverse voices. So thank you!" - Suzanne de la Barre with Vancouver Island University
